

Dear Families,

The Aspen Creek Outdoor School offers a residential school program in an outdoor, Arizona Central Highlands environment. Your child will be visiting the center with classmates and teachers and participating in a variety of outdoor classes dealing with topics such as natural cycles, energy flow, soil, water, weather, and teamwork skills. In addition, Aspen Creek offers a social learning experience in which your child will be living and working in a close community atmosphere.

Although the center is located in a camp setting, it is important to note that this is not primarily a camping program. The emphasis at Aspen Creek is on education, not recreation. Your child's class is participating in the program as a valuable extension of its classroom work. All major subject areas will be dealt with, including science, social studies, math and language arts. A full-time college-educated trained teaching staff will be instructing the students in a discovery and activity-oriented curriculum.

During your child's stay, supervision will be provided 24 hours a day. The cabins (with central heat and air) provide housing for students and adults -- teachers and/or other chaperones.

We ask that parents not visit the center while their child is participating. This is an opportunity for him or her to learn to function away from the home environment; plus, we are not equipped to provide for visitors. Children are not permitted to bring cell phones. Telephones are available for emergency purposes.

Aspen Creek reserves the right to send any child home for illness, destruction of property, aggressive behavior or any other acts judged detrimental to functioning of the program.

Attached you will find the **Preparing for the Trip** list to use as you get ready for our exciting trip.

It is required that you complete and return to school the **Participant Information and Permission Form** and **Noah Webster Schools Permission Form** by **April 18, 2019**.

Please contact your child teacher with any questions.

Thank you.
